

DOG SAVED CHILD'S LIFE

Just As Child Was Climbing Over Ship's Rail Canine Seized Her

DOG EXPLOIT TOLD
BY SHIP CAPTAIN

Little Zesta Zaborowski Was Bent on Saving Her Dolly

New York, Dec. 8.—Thyras, a shaggy police dog from Poland, is a hero, as claimed by the 16 passengers of the steamship Gdanek, docked in Brooklyn after buffeting its way across the Atlantic through storms that more than once threatened to carry youthful members of the ship's company over the rail and into the sea. Captain A. H. Peterson, who said it was the roughest voyage of his lifetime as a skipper, told the story of Thyras' exploit in saving Zesta Zaborowski, youngest of a family of five children on their way from Danzig to join relatives in the United States.

"Zesta dropped her doll over the rail and it caught on a nail on the side of the ship," he said. "A heavy sea was running, but Zesta, who is seven years old, started to climb after the doll. Just as she was going over the side, up dashed Thyras, who seized her dress and hung on. The girl screamed and the pursuer ran up and dragged them both to safety. After that Thyras and his two companions, Toff and Nellie, were masters-at-arms and practically took care of the children."

You Would Fly Out Of Your Skin

Ecema Makes You Wish You Could. Your disease, which is sometimes called salt rheum, not only itches, but also burns, oozes, dries and scales over and over again. Sometimes it covers the whole body and causes intense suffering. You have found that local applications have no lasting effect, and you want permanent relief. You must thoroughly purify your blood or the eruption will continue to annoy, perhaps agonize you. Take Hood's Sarsaparilla. This blood-purifying medicine has been successfully used in thousands of cases. To make and keep the bowels normally active, take Hood's Pills. They are gentle and thorough.—Adv.

THE CHILDREN AT CHRISTMAS TIME

The mother of these four children says that she has used Father John's Medicine for the past twenty years and in cases of severe colds she believes it has no equal. In a recent letter she said, "I have used Father John's Medicine for twenty years. I knew of its value and used it long before I was married. I have given it to all of my four children and for group and severe colds I think it is very good." (Signed) Mrs. Rose G. Kuffs, White Plains, N. Y.

Millions of mothers depend on Father John's Medicine to keep their children well and strong and to restore their strength after any illness. They know that it has had more than 65 years of success for colds and coughs and as a tonic and body builder.

GODDARD OUTPLAYED BY OLDER TEAM

Co. D-Legion Team of St. Johnsbury Pinned 12 to 59 Defeat on Seminary Basketball Players.

Of Goddard seminary's 12 to 59 defeat at the hands of the Legion-Co. D team in St. Johnsbury Tuesday evening, the St. Johnsbury Caledonian says:

The youthful basketball team from Goddard seminary competed on fairly even terms with the fast combination American Legion and Co. D tonight during the initial period at the armory Tuesday evening, only to be outclassed and outgeneraled completely during the remaining two periods. By dint of great physical exertion the stalwart lads from Goddard, playing their first game of the season, managed to break through the stiff defense of Coach Burch's men in the opening period on a few occasions. With their wind and energy spent the Goddard athletes, outplayed during the last two periods, were forced to accept defeat, 59 to 12.

Ranged alongside of men with vastly more basketball experience, the Goddard men managed to hold the contest fairly well in hand for the opening minutes of the fracas. Then they seemed to forget their signals, and obviously good coaching, and resorted to mere individual frantic dashes down the floor, whenever a Goddard man was fortunate enough to retrieve the sphere. "Fritz" Marshall was the high point man at the armory Tuesday evening with a total of ten baskets. Coach Burch, who was seen at forward, having changed positions with Marshall, was a runnerup with seven baskets. "Whitey" Dumas played the best game that he has shown this year, with a fine total of six goals from the floor. If "Whitey" continues to display form as on Tuesday evening he is bound to round out a highly successful season. Fisk and Connor played their usually creditable contests.

The last ten minutes of play Foye, Gosiant and Farnham were given a chance to display their wares. In Foye, Coach Burch has a capable understudy, who ought to be able to enter a contest any time to relieve one of the regulars, with no appreciable loss of teamplay.

Woodard, the husky visiting right forward, appeared to be the only continually shining luminary that the Goddard players boasted. Once or twice he dashed all the way down the floor through the baffling defense of the locals and dropped the ball through the rim. Cyran, at left guard, occasionally displayed praiseworthy flashes of form. However, Coach Aldrich of Goddard has a strong nucleus in Woodard and Cyran and no doubt will develop a fast team before the end of the season.

With the opening whistle, the first few moments were unproductive of any baskets. Gradually older and experienced St. Johnsbury boys wore down the defense of the Goddard players, sifting through the latter's guards for open space. Then a pass from Burch dashed all the way down the floor for a successful try at his basket. The first period brought the ear-marks of a contest, with St. Johnsbury leading at the close, 12 to 8.

During the last two periods the visitors could secure but one goal per period. The only goal in the second period was a long difficult shot by Driscoll, who pointed long enough on his sidelines to arch the ball through the hoop. The last score tallied by Goddard came in the final stanza, when Woodard gained possession of the big ball and sent it cleanly through the meshes from mid-floor.

During the terminating 15 minutes of play, Goddard was hopelessly outclassed in every department of the game. Realizing their defeat, the visitors resorted to the wildest methods of play in a desperate effort to score a few more points. In went three American Legionists. D sube, but even then the Goddard lads could score no more than one basket. The score:

Sore Throat, Tonsillitis and Dangerous Diphtheria

Mrs. F. E. Gaines, 152 Pine street, Burlington, Vt., is a very popular woman in that celebrated city in the Green Mountain state and has many friends in other New England cities. Like many Vermonters, Mrs. Gaines knows the story of the Scotch doctor's liniment now known as Mysterious Pain Ease.

When asked about Mysterious Pain Ease, Mrs. Gaines set down the experience of herself and family, from which we are permitted to quote as follows: "We are never without a bottle in our home and we have used it with best results for sore throat, as a gargle in diphtheria and tonsillitis and for acute pain as an attack of neuralgia, earache, or rheumatism, and it works wonders." Principally from the recommendations of other people the usefulness of Mysterious Pain Ease in eliminating pain and giving peace and comfort to the pain-wrecked body, muscles, nerves, joints or bruises, the people have learned of its benefits in removing pain arising from many different causes such as sprains of all kinds, burns, muscular colds where the shoulders, chest and back muscles are in pain, neuritis, sciatica, lumbago, rheumatism, muscle cramps, chilblains, neuralgia, stiff neck and pain arising anywhere from inflammation.—adv.

GEN. DIAZ VISITS BOSTON

Italian Army's Commander-in-Chief Given Tribute

HIS COUNTRYMEN PRESENT GIFTS

Gen. Diaz Will Leave Saturday to Return to Home

Boston, Dec. 8.—General Armando Diaz, commander-in-chief of the armies of Italy, came here from Washington today as the guest of the state department of the American Legion. The Italian colony made it a fete day in his honor, state and city authorities paid tribute to him, and the hero of the Piave faced also several receptions with comparative rest periods in vis-

After You Are Fifty

You can expect almost anything because your vitality is fast becoming used up and as a rule one becomes over anxious to lay aside money enough to care for their old age, and during this nerve breaking period, and worries, you are liable to have a nervous breakdown and become a fit subject for kidney, liver and heart troubles.

When you find yourself approaching or afflicted with these troubles, you can build yourself up again by taking from 10 to 20 drops in a little water of the old and reliable remedy, SEVEN BARKS. Don't wait until you are down sick, but step into your nearest drugstore and invest a small sum for a bottle of SEVEN BARKS and be prepared.

It doesn't matter whether you are 20 or 50 if you find that your digestion organs resent what you eat, your heart palpitates at the slightest exertion, your back aches after a day's work, you need a good tonic, kidney and liver regulator, this you will find in SEVEN BARKS, the old-fashioned root and herb remedy that our parents and grandparents used to keep their families rugged and well.

If you want to get the greatest efficiency out of your body, enjoy and prolong your life, take SEVEN BARKS. For sale at druggists.—Adv.

its to Cardinal O'Connell and to Harvard university. The general will make a brief visit to Providence, R. I., tomorrow before leaving this country on Saturday from New York. He will return to Italy on the steamship Giuseppe Verdi.

General Diaz was met at the south station by Lieutenant-Governor Fuller, city and Legion officials, and a parade at the head of which a troop of Massachusetts National Guardsmen served as his personal escort to the State House, where an official reception was held in the hall of flags. The general was given a bronze reproduction of Dallin's statue, "The Great Spirit," in behalf of fellow countrymen in the city, and also a silver loving cup, gift of the Italian colony of Lawrence.

Following his official welcome to Boston by Mayor Peters at the city hall, the general had breakfast with 100 Italian World War veterans at the Hotel Somerset, and then called upon Cardinal O'Connell at the latter's residence.

A visit to the Italian colony in the north end and attendance at mass at the Church of St. Leonard of Port Maurice in that district, occupied the general's time until the formal luncheon tendered by Mayor Peters at the Hotel Somerset.

A parade of Italian civic societies and citizens and of military and naval organizations, under review by the general, was the principal feature of the afternoon program. At Boston Common it was arranged that General Diaz and state and city officials should speak. The reception at Harvard university and an address to the students at the Harvard Union were set for the late afternoon. A state dinner at the Somerset in the evening completed the program of the day.
